Manager's Notes

Perhaps you've noticed some new voices on the station in the last few months. You'll find their names listed on page 23 along with those of the host/producers you've known for years. The synergy, talent, diversity, dedication and commitment of the staff of this station are truly amazing. Great people keep finding us just when we need them and because of your continued moral and financial support, these talented broadcasters have a place to practice their art.

If you'd like to see how all of this comes together, give us a call and we'll schedule a time when you can drop by, meet some of the staff and see the station. Pick the right day and we might even put you to work.

Our Fall Subscription Drive begins on October 22nd this year. We've lined up some very special programs to compensate for the interruptions and disruptions (read: "begging") to our usual schedule.

Remember, for a gift that keeps on giving all year, consider a KALW Gift Subscription for your friends and family this year. Your support keeps censorship-free and commercial-free "Information Radio" healthy and in your service all year long.

Your very high level of response has made it possible for us to honor our promise of just two subscription drives this year. Contrast this with over 60 days of fund raising on other stations and you can see how hard we work to keep it short and simple. Call Bill Helgeson if you'd like to join the phone party or volunteer in some other way. Call me if you'd like to increase your contribution, set up a matching grant, become a Major Donor or contribute any other talents or ideas you may have. We need all the help we can get.

As we go into fall there are a few programs and programming changes I'd like to tell you about. "Alternative Radio" returns to Thursdays at Noon followed by "CounterSpin" and "Second Thoughts." About "Second Thoughts," David Horowitz is one of the foremost antagonists of Public Radio. We air his opinions in spite of claims that he is denied access to Public Stations. If you look at KALW as a living study of propaganda, we can no more deny examination of his version of "the truth" than we can those of any other modern day "spin doctor." Without this diversity of opinion this would be a very dull radio station.

Returning to the schedule on Monday, October 25 is "BBC Outlook." Hosted by John Tidmarsh, this daily international News Magazine covers everything from the day's fast breaking news stories to features and backgrounds on people, events, arts and ideas. You'll find "Outlook" Monday through Friday at 3:00 pm.

With the completion of his reading of Richard Leo's "Edges Of The Earth" on November 5, this cycle of Dick Estell's "Radio Reader" comes to an end. We've enjoyed Dick's talents and will miss his wonderful choice of books and easygoing style.

Moving into the Monday through Friday 8:30 pm time slot starting November 8 are five programs which explore the ideas, lifestyles and issues confronting our changing society. Listen Mondays for "Crossroads," Elisabeth Perez Luna's sound essays on Multi-Cultural America. On alternating Tuesdays you'll hear "51%," the outstanding examination of Women's issues in a changing society. On Wednesday evenings "Latino USA" focuses on the ideas and events which effect the Hispanic community. Vertamae Grosvenor's award winning "Horizons" fills the Thursday 8:30 slot and the week wraps up with "This Way Out," the dynamic and informative look at Gay and Lesbian life in America.

As you probably know, Mike Alcalay's "AIDS In Focus" is no longer available. Alan Farley and I are co-producing a local program called "AIDS Update" which airs on Fridays at 10:30 am. Each week, usually live, we take a look at an agency, program or

resource serving the HIV and AIDS communities. We cover everything from support services to education. Both Alan and I hope you'll find it useful.

If you've ever used a telephone, we think you'll be amazed and entertained by "Hell's Bells" an 8 week series on the real history of the Telephone. Dial up "Hell's Bells," at 10:30 Saturday mornings.

As you know, the Bay Area is richly endowed with Radio Stations both public and commercial. Public Radio, underfunded, understaffed, under promoted and often misunderstood faces a daily battle for survival. We compete for and share audience with each other as well as all of the commercial stations. Audience size translates to income, it's a fact of life. The percentage of Public Radio listeners who actually give their financial support is about 7%. Your station, KALW, averages over 12%, if we are to believe the Arbitron Audience Ratings. It is the above average level of your support that keeps us on the air. Imagine, if you will, the delicate balance we must maintain to encourage both growth and stability.

Please advocate for this station. Many people listen to us at 91.7 thinking they are listening to some other station. This may be due to a factor called "call letter confusion." We have no television station to promote our call letters, no magazine, no newspaper ads. What we do have is your friendship and enthusiasm. We'll be glad to send a free program guide to your friends and relatives. We'll send you all the "Information Radio" window stickers you are willing to use. We'll do anything we can to help you spread the word. If anyone should ask you, and even if they don't, let them know that your public station is this public station, 91.7, Information Radio, KALW.

That about wraps it up for this quarter. We're always interested in your ideas and comments so don't be shy about sharing your opinions with us.

Thanks,
Jerry Jacob
